## Company Overview

myRentHouse.com is developing housing access and rental housing technology infrastructure focused on improving housing visibility, renter communication, digital outreach, and property engagement workflows.

The platform combines housing discovery tools, communication systems, mapping technology, and administrative workflows designed to support scalable housing operations and public-benefit housing initiatives.

## Active Platform Initiatives

### Housing Access Initiative

Technology designed to improve visibility into housing resources, public housing authorities, rental assistance information, and location-based housing access tools.

## Communication Infrastructure

SMS, voice, notification, and renter engagement workflows designed to improve communication between housing providers, renters, and platform administrators.

## Administrative Modernization

Internal tools for managing listings, inquiries, communication workflows, user activity, and housing-related platform data.

## Mapping & Discovery Systems

Location-aware tools designed to help users identify housing resources, rental options, and nearby housing-related services.

## Core Capabilities

- Housing access technology platforms
- Rental housing discovery systems
- GIS and mapping integration
- SMS, voice, and digital communication workflows
- Property listing management systems
- Administrative dashboard development
- Cloud-based housing information systems
- Digital housing outreach tools
- Renter engagement and notification systems
- AI-assisted housing communication concepts

## Key Differentiators

- Existing operational housing platform under active modernization
- Public-benefit housing access mission
- Combination of housing discovery, communication, and mapping infrastructure
- Scalable administrative tools for housing-related workflows
- Focus on improving renter access, visibility, and engagement
- Ability to support both private-sector and public-sector housing initiatives

## NAICS Codes

518210	Computing Infrastructure Providers, Data Processing, Web Hosting
519290	Web Search Portals and All Other Information Services
531390	Other Activities Related to Real Estate
541511	Custom Computer Programming Services
541512	Computer Systems Design Services
624229	Other Community Housing Services

## Mission Focus

myRentHouse.com is focused on improving accessibility, communication, visibility, and engagement across modern rental housing ecosystems through scalable technology infrastructure and digital workflow modernization.
